VIJAYAWADA TOWN:

Capital city of ANDHRA PRADESH named as AMARAVATHI with Vijayawada and a part of Guntur. It is the place of Victory lies on the banks of river KRISHNA. The place came to known as Vijayawada after the victory of Goddess Durga on Indrakiladri hills. An epic of Mahabharatha also refers to the Indrakiladri hills as it is a place where Arjuna (Vijay) secured Pashupatastra from lord Shiva. Thereafter city came to be known as Vijayavatika later named as Vijayawada. Earlier Vijayawada was named as Bezawada as story says- the name refers to Goddess krishnaveni who requested Arjuna to make a passage through the Indrakiladri hills for her to merge into Bay of Bengal. This passage refers to Bejjam which means a hole through the mountain. Hence the place came to be known as Bezawada. Later it is named as Vijayawada since it is a place of victory. South of the city once flourished with Buddhism by Sidda Nagarjuna at Vundavalli caves. World famous cloth weavers village Mangalagiri blessed with the presence of lord Narasimha where jaggery syrup offered as prasada. Besides being a religious center it is the center for Andhra culture, famous for Kuchupudinrithyam of nearby village of Kuchipudi, wooden toys of Kondapalli village, another world famous kalankari block printing place along with sangam of river Krishna with Bay of Bengal in the east of the city

Great amusement places like, Bhavani Islands, Haailands, Gandhi hills, Berm park, Bapu Museum, Goutham Buddha's Holy Aura at AMARAVATHI, Dead Volcano at Mangalagiri. NTPC power grid, Prakasam barrage etc are located at Vijayawada.

OBJECTIVE OF THE SEMINAR:

Today India is the world's third largest economy in terms of its gross income and to be counted as one of the developed nations of the world. Today it possesses as ever knowledge required for providing health care to her people. Yet the gaps in women's health outcomes continue to widen. The National Policy for Women 2016 address the urgent need to improve the performance of health systems, to improve population health status through concerted policy action in all sectors and expand preventive, promotive, curative, palliative and rehabilitative services.

Focus has been laid on holistic and life cycle approach to women's health for appropriate, affordable and quality health care. Emphasis has been laid on Reproductive health needs, Pregnant and Lactating mothers and women in menopausal age. Attention and priority have been given to promote Traditional knowledge and health care practices or indigenous treatments in remote areas. The Proposed Three day National seminar is planned in such a way that the topics of deliberation centre around the areas of women's health care that have been identified and prioritized in the National Health Care policy for women and to thoroughly discuss the modalities of Ayurvedic Women care.
