### The Concept

In Practical, Ayurveda treatment is flourishing within all the 8 branches by the maximum use of Panchakarma and Upkarma. We have to believe that apart from shaman medicines, if you focus on Panchakarma, you can give marvelous results. May it be Dhatukshayajanya or Margavaranjanya pathology, may you expect Lekhan, Bruhan or Shodhan. Today's world is looking for an alternative, not as an Alternative Medicine but as an alternative to the traditional syrups, tablets & injectables. They do not want just symptomatic relief or loads of investigations, but a complete cure. Ayurveda has and will promise them a healthy life style. Loads of experience is hidden amongst successful Ayurveda Panchakarma Practices among physicians specialized in Kayachikitsa, Balroga, Streeroga etc. On the celebration movement of Roupya Mohotsav year, Ayurved Vyaspeeth Goa Branch feels happy and privileged to invite you all at this Nature filled place of Goa, to witness the best of Practical Experience of Panchakarma in Clinical Practice.
