Sunday, 19th February 2023

Organized by

**Ayurveda Panchakarma
Practitioners' Association (APPA)**

Sponsored By

**The Arya Vaidya Pharmacy
(Coimbatore) Ltd**

National Conference on Infertility

Infertility is not a new age issue. This problem is existing from ancient times that is the reason why we find its reference in Ayurveda. 'Sukhayu' is the important motto of Ayurveda. In the list of 'Sukh' (happiness), putra prapti (having own child) has priority on the top. So is the reason why people are sensitive emotionally as well as socially in case of their offsprings.

Wrong lifestyle, bad food habits, stress and environmental issues were present from ancient time, hence we find references of vitiation not only of 'Panchamahabhoot' but also of 'time'. For every burning problem Ayurveda has tried to give long lasting solution (Shashwat). Ayurveda emphasises a lot on the prognosis of the disease and categorized every disease in four parts viz. Sukhasadhya, Krucchrasadhya, Yapya & Asadhya. Infertility i.e. which implies on Vandhyatwa too. It is also observed that every vaidya doesn't have success of treating infertility. There are some gems to whom Samhita has blessed to treat it successfully which highlights the importance of 'Adhyatmik' power required for vaidya.

In a nutshell though we are trying our level best to treat infertility with the help of Ayurveda, it's really important to look for the long lasting solutions. It would be a toughest task, but we will have to put our first step to kick-start this journey.

Ayurveda Panchakarma Practitioners Association
