Aaptopdesha

Aaptas are the rushi (researchers) who have the genuine knowledge which they have gained from samhitas, vedas, vrudha vaidyas or from different vaidya paramparas, and all available granthas. Besides this they have achieved vast knowledge from their various experiences. These rishitulya Aaptas are real boon to mankind as they always try to percolate this great knowledge to their decipals, so that they serve the mankind in a better way to attain Swasthya society. So dear vaidyas its our pleasure to bring these real living legend Aaptas in front of you so that you can take their blessings in the form of knowledge and feel blessed. Lets join together for sure to grab this opportunity to regain rejuvenate and re explore ourselves and assuring you all that it will help you to reform your practice. **One unique feature of this National Seminar we bring to your notice, all respected delegates that we assure you all it will be more interactive, more practical oriented and also good opportunity to explore the job too as compared to other seminars we may have attended till date.**

About Pandit Taranath Foundation (PTAF) (R.):

Pandit Taranath was a great legendary of his time in all walks of life. He established an institute Premayatana to propagate the importance of education in the backward region of Kalyana Karnataka and to provide health service to poor people of the region through Ayurveda. Throughout his life he served the people of the region through various fields like health, education, literature, Art, Yoga, music, theatre etc. He was a great inspiring spirit to his students hence after his sad demise; his disciples and friends started some trusts to continue the aspiration of Pandit Taranath.

Pandit Taranath Ayurved Foundation(R.) is established in the year 2018. It is registered under State Commission with a noble purpose of promoting Ayurved by creating awareness in the society about true health, by the means of seminar, CMEs, Health Camps, Conferences, Workshops, publishing research papers etc. BY THE TRUST FOR THE SOCIETY THROUGH VAIDYAS we have tried to achieve our goal year by year. Several Camps, Radio Awareness Programmes and Two successful Seminars just in a span of five years inspite of covid are enough to describe our efforts and commitment.
